- Printed resources, e.g. workbooks and textbooks
- Current online learning portals
- Educational websites
- Reading tasks
- Live webinars
- Pre-recorded video or audio lessons

4.2 The school will review the DfE's guidance on where schools can source educational resources to assist with the delivery of remote education, and utilise these as appropriate. Teachers will review the DfE's list of online education resources and utilise these tools as necessary, in addition to existing resources.

4.3 Reasonable adjustments will be made to ensure that all pupils have access to the resources needed for effective remote learning. Teachers will ensure the programmes chosen for online learning have a range of accessibility features, e.g. voice-to-text conversion, to support pupils with SEND.

4.4 The arrangements for any 'live' classes, e.g. webinars, will be communicated via email no later than one day before the allotted time and kept to a reasonable length of no more than one hour per session.

4.5 Where remote education is needed, the school will ensure that it is equivalent in length to the core teaching pupils would receive in schools and includes recorded or live direct teaching time, as well as time for pupils to complete tasks and assignments independently.

4.6 Remote education will be provided for three hours a day on average across the cohort for KS1, with less for younger children or those with specific needs, and four hours for KS2.

4.7 When setting remote education work, the school will consider the pupil's age, stage of development and any SEND. The school will also consider where this would likely require significant levels of support from parents/carers, e.g younger pupils or pupils with SEND who likely need parental involvement to facilitate engagement with remote education.

4.8 The school recognises that interactive lessons are most effective in aiding pupils' motivation and academic progression and, to this effect, teachers will aim to ensure they regularly recreate aspects of in-person interactivity, e.g. live classes with questioning, eliciting and reflective discussion, to the best of their ability.

4.9 Lesson plans will be adapted to ensure that the curriculum remains fully accessible and inclusive via remote learning. The school will review the resources pupils have access to and adapt learning to account for this.

4.10 Work packs will be made available for pupils who do not have access to a printer – these packs can be collected from the school office.

4.11 Teaching staff will liaise with the SENCO and other relevant members of staff to ensure all pupils remain fully supported for the duration of the remote learning period. Teaching staff will implement more individualised planning to meet personal needs – the SENCO will also contact the pupil's parents/carers to see how the pupil can be supported by adults while learning remotely.

4.12 Any issues with remote learning resources will be reported as soon as possible to the relevant member of staff.

4.13 Pupils will be required to use their own or family-owned equipment to access remote learning resources, unless the school agrees to provide or loan equipment, e.g. laptops.

7. Systems and technology

7.1 Staff will only download software for live online lessons from a trusted source, e.g. Apple App Store, Google Play or a reputable provider's official website.

7.2 The Curriculum Leader will research the providers the school will use for live online lessons, taking into account ease of use, privacy measures and suitability for the purposes of

live online lessons. Where necessary, they will refer to government-approved resources, e.g. from the National Cyber Security Centre (NCSC) and from the UK Safer Internet Centre, when selecting their recommended providers.

7.3 Teachers will review the DfE's list of online education resources and utilise these resources as necessary.

7.4 To prevent the misuse of remote education software, staff will:

- Ensure privacy settings are adjusted appropriately on the provider's site or application.

- Ensure they test and understand the service before conducting their first live online lesson using the 'test' function, where applicable.
- Ensure they understand how to mute the microphone and how to turn off their camera on their device before their first live online lesson.
- Ensure all pupils due to attend live online lessons have access to equipment that will enable them to participate, e.g. a laptop and internet access, to ensure they do not fall behind their peers who do have access.
- Ensure streaming and online chat functions are disabled for pupils.

7.5 For aspects of the curriculum which are difficult to deliver through online provision, e.g. science experiments, teachers will consider using video demonstrations accompanied by supporting explanation.

7.6 For live online PE lessons where replicating in-person teaching provision is difficult to achieve, teachers will consider using video demonstrations accompanied by supporting explanation. Pupils will be encouraged to take regular physical exercise to maintain fitness.
