Statement of intent

Perryfields Primary PRU is required to keep and process certain information about its staff members, pupils, their families, volunteers and external contractors in accordance with its legal obligations under data protection legislation.

The school may, from time to time, be required to share personal information about its staff or pupils with other organisations, mainly the LA, DfE, other schools and educational bodies, and potentially children's services.

This policy is in place to ensure all staff and governors are aware of their responsibilities and outlines how the school complies with the following core principles of the UK GDPR.

Organisational methods for keeping data secure are imperative, and the school believes that it is good practice to keep clear practical policies, backed up by written procedures.

Legal framework

This policy has due regard to all relevant legislation and statutory guidance including, but not limited to, the following:

- The UK General Data Protection Regulation (UK GDPR)
- Data Protection Act 2018 (DPA)
- School Standards and Framework Act 1998
- Freedom of Information Act 2000
- Electronic Commerce (EC Directive) Regulations 2002
- The Privacy and Electronic Communications (EC Directive) Regulations 2003
- The Freedom of Information and Data Protection (Appropriate Limit and Fees) Regulations 2004
- The Education (Pupil Information) (England) Regulations 2005 (as amended in 2018)
- Protection of Freedoms Act 2012

This policy also has regard to the following guidance:

- ICO (2021) 'Guide to the UK General Data Protection Regulation (UK GDPR)'
- ICO (2012) 'IT asset disposal for organisations'
- DfE (2018) 'Data protection: a toolkit for schools'

This policy operates in conjunction with the following school policies:

- Photos and Videos Policy
- Freedom of Information Policy
- Freedom of Information Policy and Publication Scheme
- Safeguarding and Child Protection Policy

Applicable data

For the purpose of this policy, 'personal data' refers to information that relates to an identifiable, living individual, including information such as an online identifier, e.g. an IP address. The UK GDPR applies to both automated personal data and to manual filing systems, where personal data is accessible according to specific criteria, as well as to chronologically ordered data and pseudonymised data, e.g. key-coded.

'Sensitive personal data' is referred to in the UK GDPR as 'special categories of personal data', and is defined as:

- Genetic data.
- Biometric data.
- Data concerning health.
- Data concerning a person's sex life.
- Data concerning a person's sexual orientation.
- Personal data which reveals:

- Racial or ethnic origin.
- Political opinions.
- Religious or philosophical beliefs.
- Trade union membership.
- Principles.

'Sensitive personal data' does not include data about criminal allegations, proceedings or convictions. In the case of criminal offence data, schools are only able to process this if it is either:

- Under the control of official authority; or
- · Authorised by domestic law.

The latter point can only be used if the conditions of the reason for storing and requiring the data fall into one of the conditions below:

The processing is necessary for the purposes of performing or exercising obligations
or rights which are imposed or conferred by law on the controller of the data subject in
connection with employment, social security, social protection, health or social care
purposes, public health, and research.

In accordance with the requirements outlined in the UK GDPR, personal data will be:

- Processed lawfully, fairly and in a transparent manner in relation to individuals.
- Collected for specified, explicit and legitimate purposes and not further processed in a
 manner that is incompatible with those purposes; further processing for archiving
 purposes in the public interest, scientific or historical research purposes or statistical
 purposes shall not be considered incompatible with the initial purposes.
- Adequate, relevant and limited to what is necessary in relation to the purposes for which they are processed.
- Accurate and, where necessary, kept up to date; every reasonable step must be taken
 to ensure that personal data that are inaccurate, having regard to the purposes for
 which they are processed, are erased or rectified without delay.
- Kept in a form which permits identification of data subjects for no longer than is necessary for the purposes for which the personal data are processed; personal data may be stored for longer periods, insofar as the personal data will be processed solely for archiving purposes in the public interest, scientific or historical research purposes or statistical purposes, subject to implementation of the appropriate technical and organisational measures required by the UK GDPR in order to safeguard the rights and freedoms of individuals.
- Processed in a manner that ensures appropriate security of the personal data, including protection against unauthorised or unlawful processing and against accidental loss, destruction or damage, using appropriate technical or organisational measures.

The UK GDPR also requires that "the controller shall be responsible for, and able to demonstrate, compliance with" the above principles.

Accountability

The school will implement appropriate technical and organisational measures to demonstrate that data is processed in line with the principles set out in the UK GDPR, and will provide comprehensive, clear and transparent privacy policies.

Records of activities relating to higher risk processing will be maintained, such as the processing of activities that:

- Are not occasional.
- Could result in a risk to the rights and freedoms of individuals.
- Involve the processing of special categories of data or criminal conviction and offence data.

Internal records of processing activities will include the following:

- Name and details of the organisation
- Purpose(s) of the processing
- Description of the categories of individuals and personal data
- Retention schedules
- Categories of recipients of personal data
- Description of technical and organisational security measures
- Details of transfers to third countries, including documentation of the transfer mechanism safeguards in place

The school will also document other aspects of compliance with the UK GDPR and DPA where this is deemed appropriate in certain circumstances by the DPO, including the following:

- Information required for privacy notices, e.g. the lawful basis for the processing
- Records of consent
- Controller-processor contracts
- The location of personal data
- Data Protection Impact Assessment (DPIA) reports
- Records of personal data breaches

The school will implement measures that meet the principles of data protection by design and data protection by default, such as:

- Minimising the processing of personal data.
- Pseudonymising personal data as soon as possible.
- Ensuring transparency in respect of the functions and processing of personal data.
- Allowing individuals to monitor processing.
- Continuously creating and improving security features.

DPIAs will be used to identify and reduce data protection risks, where appropriate.

Data protection officer (DPO)

Schools are required to appoint a DPO who will be the central point of contact for all data subjects and others in relation to matters of data protection.

A DPO will be appointed in order to:

- Inform and advise the school and its employees about their obligations to comply with the UK GDPR and other data protection laws.
- Monitor the school's compliance with the UK GDPR and other laws, including managing internal data protection activities, advising on DPIAs, conducting internal audits, and providing the required training to staff members.
- Cooperate with the ICO and act as the first point of contact for the ICO and for individuals whose data is being processed.

The DPO is responsible for:

- Coordinating a proactive and preventative approach to data protection.
- Calculating and evaluating the risks associated with the school's data processing.
- Having regard to the nature, scope, context, and purposes of all data processing.
- Prioritising and focussing on more risky activities, e.g. where special category data is being processed.
- Promoting a culture of privacy awareness throughout the school community.
- Carrying out ad hoc reviews of data practices to ensure staff understand and are acting in accordance with relevant data protection laws.

The individual appointed as DPO will have professional experience and be highly knowledgeable about data protection law, particularly that in relation to schools. An existing employee will be appointed to the role of DPO provided that their duties are compatible with the duties of the DPO and do not lead to a conflict of interests.

The DPO will operate independently and will not be dismissed or penalised for performing their duties. Sufficient resources and appropriate access will be provided to the DPO to enable them to meet their UK GDPR obligations.

The DPO will report to the highest level of management at the school, which is the governing board.

Staff will ensure that they involve the DPO in all data protection matters closely and in a timely manner.

Lawful processing

The legal basis for processing data will be identified and documented prior to data being processed. Under the UK GDPR, data will be lawfully processed under the following conditions:

- The consent of the data subject has been obtained
- Processing is necessary for a contract held with the individual, or because they have asked the school to take specific steps before entering into a contract
- Processing is necessary for compliance with a legal obligation (not including contractual obligations)
- Processing is necessary for the performance of a task carried out in the public interest or in the exercise of official authority vested in the controller
- Processing is necessary for protecting vital interests of a data subject or another person, i.e. to protect someone's life
- Processing is necessary for the purposes of legitimate interests pursued by the
 controller or a third party, except where such interests are overridden by the interests,
 rights or freedoms of the data subject this condition is not available to processing
 undertaken by the school in the performance of its tasks

The school will only process personal data without consent where any of the above purposes cannot reasonably be achieved by other, less intrusive means or by processing less data.

Sensitive data will only be processed under the following conditions:

- Explicit consent of the data subject
- Processing carried out by a not-for-profit body with a political, philosophical, religious
 or trade union aim provided the processing relates only to members or former
 members (or those who have regular contact with it in connection with those purposes)
 and provided there is no disclosure to a third party without consent
- Processing relates to personal data manifestly made public by the data subject
- Processing is necessary for:
 - Carrying out obligations under employment, social security or social protection law, or a collective agreement
 - Protecting the vital interests of a data subject or another individual where the data subject is physically or legally incapable of giving consent
 - The establishment, exercise or defence of legal claims or where courts are acting in their judicial capacity
 - Reasons of substantial public interest with a basis in law which is proportionate to the aim pursued and which contains appropriate safeguards
 - The purposes of preventative or occupational medicine, for assessing the working capacity of the employee, medical diagnosis, the provision of health or social care or treatment or management of health or social care systems and services with a basis in law
 - Reasons of public interest in the area of public health, such as protecting against serious cross-border threats to health or ensuring high standards of healthcare and of medicinal products or medical devices
 - Archiving purposes in the public interest, or scientific and historical research purposes or statistical purposes in accordance with a basis in law
- When none of the above apply, consent will be obtained by the data subject to the processing of their special category personal data.

For personal data to be processed fairly, data subjects must be made aware:

- That the personal data is being processed.
- Why the personal data is being processed.
- What the lawful basis is for that processing.
- Whether the personal data will be shared, and if so, with whom.
- The existence of the data subject's rights in relation to the processing of that personal data.
- The right of the data subject to raise a complaint with the ICO in relation to any processing.

The school has privacy notices for the following groups, which outline the information above that is specific to them:

- Pupils and their families
- School workforce

There may be circumstances where it is considered necessary to process personal data or special category personal data in order to protect the vital interests of a data subject. This may include medical emergencies where it is not possible for the data subject to give consent to the processing. In such circumstances, the DPO will be consulted and a decision made only after seeking further clarification.

Where the school relies on:

- 'Performance of contract' to process a child's data, the school considers the child's competence to understand what they are agreeing to, and to enter into a contract.
- 'Legitimate interests' to process a child's data, the school takes responsibility for identifying the risks and consequences of the processing, and puts age-appropriate safeguards in place.
- Consent to process a child's data, the school ensures that the requirements outlined
 in the 'Consent' section are met, and the school does not exploit any imbalance of
 power in the relationship between the school and the child.

Consent

Consent must be a positive indication expressly confirmed in words. It cannot be inferred from silence, inactivity, a positive action without words or pre-ticked boxes. Consent will only be accepted where it is freely given, specific, informed and an unambiguous indication of the individual's wishes. Consent can be withdrawn by the individual at any time.

Where consent is given, a record will be kept documenting how and when consent was given, and what the data subject was told.

The school ensures that consent mechanisms meet the standards of the UK GDPR. Where the standard of consent cannot be met, an alternative legal basis for processing the data must be found, or the processing must cease. Consent accepted under the DPA will be reviewed to

ensure it meets the standards of the UK GDPR; however, acceptable consent obtained under the DPA will not be reobtained.

When pupils and staff join the school, the staff member or pupil (or, where appropriate, pupil's parent) will be required to complete a consent form for personal data use. This consent form deals with the taking and use of photographs and videos, amongst other things. Where appropriate, third parties may also be required to compete a consent form.

Where the school opts to provide an online service directly to a child, the child is aged 13 or over, and the consent meets the requirements outlined above, the school obtains consent directly from that child; otherwise, consent is obtained from whoever holds parental responsibility for the child, except where the processing is related to preventative or counselling services offered directly to children. In all other instances with regards to obtaining consent, an appropriate age of consent is considered by the school on a case-by-case basis, taking into account the requirements outlined above.

The right to be informed

Adults and children have the same right to be informed about how the school uses their data. The privacy notices supplied to individuals, including children, in regard to the processing of their personal data will be written in clear, plain, age-appropriate language which is concise, transparent, easily accessible and free of charge.

In relation to data obtained both directly from the data subject and not obtained directly from the data subject, the following information will be supplied within the privacy notice:

- The identity and contact details of the controller, the controller's representative, where applicable, and the DPO
- The purpose of, and the lawful basis for, processing the data
- The legitimate interests of the controller or third party
- Any recipient or categories of recipients of the personal data
- Details of transfers to third countries and the safeguards in place
- The retention period of criteria used to determine the retention period
- The existence of the data subject's rights, including the right to:
 - Withdraw consent at any time
 - Lodge a complaint with a supervisory authority
- The existence of automated decision making, including profiling, how decisions are made, the significance of the process and the consequences

Where data is obtained directly from the data subject, information regarding whether the provision of personal data is part of a statutory or contractual requirement, as well as any possible consequences of failing to provide the personal data, will be provided – this information will be supplied at the time the data is obtained.

Where data is not obtained directly from the data subject, information regarding the categories of personal data that the school holds, the source that the personal data originates from and whether it came from publicly accessible sources, will be provided – this information will be supplied:

- Within one month of having obtained the data.
- If disclosure to another recipient is envisaged, at the latest, before the data are disclosed.
- If the data are used to communicate with the individual, at the latest, when the first communication takes place.

The right of access

Individuals, including children, have the right to obtain a copy of their personal data as well as other supplementary information, including confirmation that their data is being processed, and the right to submit a subject access request (SAR) to gain access to their personal data in order to verify the lawfulness of the processing. The school will verify the identity of the person making the request before any information is supplied.

A copy of the information will be supplied to the individual free of charge; however, the school may impose a 'reasonable fee' to cover the administrative costs of complying with requests that are manifestly unfounded or excessive or if an individual requests further copies of the same information. Where a request is manifestly unfounded, excessive or repetitive, a reasonable fee will be charged. All fees will be based on the administrative cost of providing the information.

Where a SAR has been made electronically, the information will be provided in a commonly used electronic format.

Where a SAR has been made for information held about a child, the school will evaluate whether the child is capable of fully understanding their rights. If the school determines the child can understand their rights, it will respond directly to the child.

All requests will be responded to without delay and at the latest, within one month of receipt. In the event of numerous or complex requests, the period of compliance will be extended by a further two months. The individual will be informed of this extension, and will receive an explanation of why the extension is necessary, within one month of the receipt of the request.

Where a request is manifestly unfounded or excessive, the school holds the right to refuse to respond to the request. The individual will be informed of this decision and the reasoning behind it, as well as their right to complain to the supervisory authority and to a judicial remedy, within one month of the refusal.

The school will ensure that information released in response to a SAR does not disclose personal data of another individual. If responding to the SAR in the usual way would disclose such data, the school will:

- Omit certain elements from the response if another individual's personal data would be disclosed otherwise.
- Reject requests that cannot be fulfilled without disclosing another individual's personal data, unless that individual consents or it is reasonable to comply without consent.
- Explain to the individual who made the SAR why their request could not be responded to in full.

In the event that a large quantity of information is being processed about an individual, the school will ask the individual to specify the information the request is in relation to – the time limit for responding to the request will be paused until clarification from the individual is received.

The right to rectification

Individuals, including children, are entitled to have any inaccurate or incomplete personal data rectified.

Requests for rectification will be responded to within one month; this will be extended by two months where the request for rectification is complex.

Requests for rectification will be investigated and resolved, where appropriate, free of charge; however, the school may impose a 'reasonable fee' to cover the administrative costs of complying with requests that are manifestly unfounded or excessive or if an individual makes multiple requests at once. The school reserves the right to refuse to process requests for rectification if they are manifestly unfounded or excessive or if exemptions apply.

The school will take reasonable steps to ensure that data is accurate or is rectified if inaccurate, implementing a proportional response for data that has a significant impact on the individual, e.g. if significant decisions are made using that data. The school will restrict processing of the data in question whilst its accuracy is being verified, where possible.

Where the personal data in question has been disclosed to third parties, the school will inform them of the rectification where possible. Where appropriate, the school will inform the individual about the third parties that the data has been disclosed to.

Where no action is being taken in response to a request for rectification, or where the request has been investigated and the data has been found to be accurate, the school will explain the reason for this to the individual, and will inform them of their right to complain to the supervisory authority and to a judicial remedy.

The right to erasure

Individuals, including children, hold the right to request the deletion or removal of personal data where there is no compelling reason for its continued processing. Individuals, including children, have the right to erasure in the following circumstances:

- Where the personal data is no longer necessary in relation to the purpose for which it was originally collected or processed
- When the individual withdraws their consent where consent was the lawful basis on which the processing of the data relied
- When the individual objects to the processing and there is no overriding legitimate interest for continuing the processing
- The personal data was unlawfully processed
- The personal data is required to be erased in order to comply with a legal obligation
- The personal data is processed in relation to the offer of information society services to a child

The school will comply with the request for erasure without undue delay and at the latest within one month of receipt of the request.

The school has the right to refuse a request for erasure where the personal data is being processed for the following reasons:

- To exercise the right of freedom of expression and information
- To comply with a legal obligation for the performance of a public interest task or exercise of official authority
- For public health purposes in the public interest
- For archiving purposes in the public interest, scientific research, historical research or statistical purposes
- The establishment, exercise or defence of legal claims

The school has the right to refuse a request for erasure for special category data where processing is necessary for:

- Public health purposes in the public interest, e.g. protecting against serious crossborder threats to health.
- Purposes of preventative or occupational medicine, the working capacity of an employee, medical diagnosis, the provision of health or social care, or the management of health or social care systems or services.

Requests for erasure will be handled free of charge; however, the school may impose a 'reasonable fee' to cover the administrative costs of complying with requests that are manifestly unfounded or excessive or if an individual makes multiple requests at once.

As a child may not fully understand the risks involved in the processing of data when consent is obtained, special attention will be given to existing situations where a child has given consent to processing and they later request erasure of the data, regardless of age at the time of the request.

Where personal data has been disclosed to third parties, they will be informed about the erasure of the personal data, unless it is impossible or involves disproportionate effort to do so. Where personal data has been made public within an online environment, the school will inform other organisations who process the personal data to erase links to and copies of the personal data in question.

The right to restrict processing

Individuals, including children, have the right to block or suppress the school's processing of personal data.

The school will restrict the processing of personal data in the following circumstances:

 Where an individual contests the accuracy of the personal data, processing will be restricted until the school has verified the accuracy of the data

- Where an individual has objected to the processing and the school is considering whether their legitimate grounds override those of the individual
- Where processing is unlawful and the individual opposes erasure and requests restriction instead
- Where the school no longer needs the personal data but the individual requires the data to establish, exercise or defend a legal claim

In the event that processing is restricted, the school will store the personal data, but not further process it, guaranteeing that just enough information about the individual has been retained to ensure that the restriction is respected in future. The school will inform individuals when a restriction on processing has been lifted.

Where the school is restricting the processing of personal data in response to a request, it will make that data inaccessible to others, where possible, e.g. by temporarily moving the data to another processing system or unpublishing published data from a website.

If the personal data in question has been disclosed to third parties, the school will inform them about the restriction on the processing of the personal data, unless it is impossible or involves disproportionate effort to do so.

The school reserves the right to refuse requests for restricting processing if they are manifestly unfounded or excessive or if exemptions apply. The individual will be informed of this decision and the reasoning behind it, as well as their right to complain to the supervisory authority and to a judicial remedy, within one month of the refusal.

The right to data portability

Individuals, including children, have the right to obtain and reuse their personal data for their own purposes across different services. The right to data portability only applies in the following cases:

- Where personal data has been provided directly by an individual to a controller
- Where the processing is based on the individual's consent or for the performance of a contract
- When processing is carried out by automated means

Personal data can be easily moved, copied or transferred from one ICT environment to another in a safe and secure manner, without hindrance to usability. Personal data will be provided in a structured, commonly used and machine-readable form. Where feasible, data will be transmitted directly to another organisation at the request of the individual. The school will not be required to adopt or maintain processing systems which are technically compatible with other organisations.

The school will provide the information free of charge.

In the event that the personal data concerns more than one individual, the school will consider whether providing the information would prejudice the rights of any other individual.

The school will respond to any requests for portability within one month. Where the request is complex, or a number of requests have been received, the timeframe can be extended by two months, ensuring that the individual is informed of the extension and the reasoning behind it within one month of the receipt of the request.

Where no action is being taken in response to a request, the school will, without delay and at the latest within one month, explain to the individual the reason for this and will inform them of their right to complain to the supervisory authority and to a judicial remedy.

The right to object

The school will inform individuals, including children, of their right to object at the first point of communication, and this information will be outlined in the privacy notice and explicitly brought to the attention of the data subject, ensuring that it is presented clearly and separately from any other information. Individuals, including children, have the right to object to the following:

- Processing based on legitimate interests or the performance of a task in the public interest
- Processing used for direct marketing purposes
- Processing for purposes of scientific or historical research and statistics.

Where personal data is processed for the performance of a legal task or legitimate interests:

- An individual's grounds for objecting must relate to his or her particular situation.
- The school will stop processing the individual's personal data unless the processing is
 for the establishment, exercise or defence of legal claims, or, where the school can
 demonstrate compelling legitimate grounds for the processing, which override the
 interests, rights and freedoms of the individual.
- The school will respond to objections proportionally, granting more weight to an individual's objection if the processing of their data is causing them substantial damage or distress.

Where personal data is processed for direct marketing purposes:

- The right to object is absolute and the school will stop processing personal data for direct marketing purposes as soon as an objection is received.
- The school cannot refuse an individual's objection regarding data that is being processed for direct marketing purposes.
- The school will retain only enough information about the individual to ensure that the individual's preference not to receive direct marketing is respected in future.

Where personal data is processed for research purposes:

• The individual must have grounds relating to their particular situation in order to exercise their right to object.

 Where the processing of personal data is necessary for the performance of a public interest task, the school is not required to comply with an objection to the processing of the data.

Where the processing activity is outlined above, but is carried out online, the school will offer a method for individuals to object online.

The DPO will ensure that details are recorded for all objections received, including those made by telephone or in person, and will clarify each objection with the individual making the request to avoid later disputes or misunderstandings. The school will respond to all objections without undue delay and within one month of receiving the objection; this may be extended by a further two months if the request is complex or repetitive.

Where no action is being taken in response to an objection, the school will, without delay and at the latest within one month, explain to the individual the reason for this and will inform them of their right to complain to the supervisory authority and to a judicial remedy.

Automated decision making and profiling

The school will only ever conduct solely automated decision making with legal or similarly significant effects is the decision is:

- Necessary for entering into or performance of a contract.
- Authorised by law.
- Based on the individual's explicit consent.

Automated decisions will not concern a child nor use special category personal data, unless:

- The school has the explicit consent of the individual.
- The processing is necessary for reasons of substantial public interest.

The school will conduct a DPIA for automated decision making to mitigate risk of errors, bias and discrimination.

The school will ensure that individuals concerned are given specific information about the processing and an opportunity to challenge or request a review of the decision.

Individuals have the right not to be subject to a decision when both of the following conditions are met:

- It is based on automated processing, e.g. profiling
- It produces a legal effect or a similarly significant effect on the individual

The school will take steps to ensure that individuals are able to obtain human intervention, express their point of view, and obtain an explanation of the decision and challenge it.

When automatically processing personal data for profiling purposes, the school will ensure that the appropriate safeguards are in place, including:

- Ensuring processing is fair and transparent by providing meaningful information about the logic involved, as well as the significance and the predicted impact.
- Using appropriate mathematical or statistical procedures.
- Implementing appropriate technical and organisational measures to enable inaccuracies to be corrected and minimise the risk of errors.
- Securing personal data in a way that is proportionate to the risk to the interests and rights of the individual and prevents discriminatory effects.

Data protection by design and default

The school will act in accordance with the UK GDPR by adopting a data protection by design and default approach and implementing technical and organisational measures which demonstrate how the school has considered and integrated data protection into all aspects of processing activities. In line with the data protection by default approach, the school will ensure that only data that is necessary to achieve its specific purpose will be processed.

The school will implement a data protection by design and default approach by using a number of methods, including, but not limited to:

- Considering data protection issues as part of the design and implementation of systems, services and practices.
- Making data protection an essential component of the core functionality of processing systems and services.
- Automatically protecting personal data in school ICT systems.
- Implementing basic technical measures within the school network and ICT systems to ensure data is kept secure.
- Promoting the identity of the DPO as a point of contact.
- Ensuring that documents are written in plain language so individuals can easily understand what is being done with personal data.

Data Protection Impact Assessments (DPIAs)

DPIAs will be used in certain circumstances to identify the most effective method of complying with the school's data protection obligations and meeting individuals' expectations of privacy. DPIAs will allow the school to identify and resolve problems at an early stage, thus reducing associated costs and preventing damage from being caused to the school's reputation which might otherwise occur. A DPIA will be carried out when using new technologies or when the processing is likely to result in a high risk to the rights and freedoms of individuals, and will be used for more than one project, where necessary.

High risk processing includes, but is not limited to, the following:

- Systematic and extensive processing activities, such as profiling
- Large scale processing of special categories of data or personal data which is in relation to criminal convictions or offences
- The use of CCTV

The school will ensure that all DPIAs include the following information:

- A description of the processing operations and the purposes
- An assessment of the necessity and proportionality of the processing in relation to the purpose
- An outline of the risks to individuals
- The measures implemented in order to address risk

Where a DPIA indicates high risk data processing, the school will consult the ICO to seek its opinion as to whether the processing operation complies with the UK GDPR.

Data breaches

The term 'personal data breach' refers to a breach of security which has led to the destruction, loss, alteration, unauthorised disclosure of, or access to, personal data. The headteacher will ensure that all staff are made aware of, and understand, what constitutes a data breach as part of their training.

Effective and robust breach detection, investigation and internal reporting procedures are in place at the school, which facilitate decision-making in relation to whether the relevant supervisory authority or the public need to be notified.

Where the school faces a data security incident, the DPO will coordinate an effort to establish whether a personal data breach has occurred, assess the significance of any breach, and take prompt and appropriate steps to address it.

All notifiable breaches will be reported to the relevant supervisory authority within 72 hours of the school becoming aware of it. Where a breach is likely to result in a risk to the rights and freedoms of individuals, the relevant supervisory authority will be informed, and the individuals concerned will be contacted directly. A 'high risk' breach means that the threshold for notifying the individual is higher than that for notifying the relevant supervisory authority. The risk of the breach having a detrimental effect on the individual, and the need to notify the relevant supervisory authority, will be assessed on a case-by-case basis. In the event that a breach is sufficiently serious, the public will be notified without undue delay.

Within a breach notification to the supervisory authority, the following information will be outlined:

- The nature of the personal data breach, including the categories and approximate number of individuals and records concerned
- The name and contact details of the DPO
- An explanation of the likely consequences of the personal data breach
- A description of the proposed measures to be taken to deal with the personal data breach
- Where appropriate, a description of the measures taken to mitigate any possible adverse effects

Where notifying an individual about a breach to their personal data, the school will provide specific and clear advice to individuals on the steps they can take to protect themselves and their data, where possible and appropriate to do so.

The school will ensure all facts regarding the breach, the effects of the breach and any decision-making processes and actions taken are documented in line with the UK GDPR accountability principle and in accordance with the Records Management Policy.

Failure to report a breach when required to do so may result in a fine, as well as a fine for the breach itself.

The school will work to identify the cause of the breach and assess how a recurrence can be prevented, e.g. by mandating data protection refresher training where the breach was a result of human error.

Data security

Confidential paper records will be kept in a locked filing cabinet, drawer or safe, with restricted access, and will not be left unattended or in clear view anywhere with general access.

Digital data is coded, encrypted or password-protected, both on a local hard drive and on a network drive that is regularly backed up off-site. Where digital data is saved on removable storage or a portable device, the device will be kept in a locked filing cabinet, drawer or safe when not in use. Memory sticks will not be used to hold personal information unless they are password-protected and fully encrypted. All electronic devices are password-protected to protect the information on the device in case of theft. Where possible, the school enables electronic devices to allow the remote blocking or deletion of data in case of theft.

Where possible, staff and governors will not use their personal laptops or computers for school purposes. All necessary members of staff are provided with their own secure login and password, and every computer regularly prompts users to change their password.

If staff and governors need to use their personal laptops for school purposes, particularly if they are working from home, they will bring their device into school before using it for work to ensure the appropriate software can be downloaded and information encrypted.

Emails containing sensitive or confidential information are password-protected if there are unsecure servers between the sender and the recipient. Circular emails to parents are sent blind carbon copy (bcc), so email addresses are not disclosed to other recipients. When sending confidential information staff will always check that the recipient is correct before sending.

Before sharing data, all staff will ensure:

- They are allowed to share it.
- That adequate security is in place to protect it.
- Who will receive the data has been outlined in a privacy notice.

Where personal information that could be considered private or confidential is taken off the premises, either in electronic or paper format, staff will take extra care to follow the same

procedures for security, e.g. keeping devices under lock and key. The person taking the information from the school premises accepts full responsibility for the security of the data.

Under no circumstances are visitors allowed access to confidential or personal information. Visitors to areas of the school containing sensitive information are supervised at all times.

The physical security of the school's buildings and storage systems, and access to them, is reviewed on a regular basis. If an increased risk in vandalism, burglary or theft is identified, extra measures to secure data storage will be put in place.

The school will regularly test, assess and evaluate the effectiveness of any and all measures in place for data security.

The school takes its duties under the UK GDPR seriously and any unauthorised disclosure may result in disciplinary action. The SBM is responsible for continuity and recovery measures are in place to ensure the security of protected data.

When disposing of data, paper documents will be shredded and digital storage devices will be physically destroyed when they are no longer required. ICT assets will be disposed of in accordance with the ICO's guidance on the disposal of ICT assets.

The school holds the right to take the necessary disciplinary action against a staff member if they believe them to be in breach of the above security measures.

Safeguarding

The school understands that the UK GDPR does not prevent or limit the sharing of information for the purposes of keeping children safe.

The school will ensure that information pertinent to identify, assess and respond to risks or concerns about the safety of a child is shared with the relevant individuals or agencies proactively and as soon as is reasonably possible. Where there is doubt over whether safeguarding information is to be shared, especially with other agencies, the DSL will ensure that they record the following information:

- Whether data was shared
- What data was shared
- With whom data was shared
- For what reason data was shared
- Where a decision has been made not to seek consent from the data subject or their parent
- The reason that consent has not been sought, where appropriate

The school will aim to gain consent to share information where appropriate; however, will not endeavour to gain consent if to do so would place a child at risk. The school will manage all instances of data sharing for the purposes of keeping a child safe in line with the Child Protection and Safeguarding Policy.

Publication of information

The school publishes a Freedom of Information Publication Scheme on its website outlining classes of information that will be made routinely available, including:

- Policies and procedures.
- Minutes of meetings.
- Annual reports.
- Financial information.

Classes of information specified in the Freedom of Information Publication Scheme are made available quickly and easily on request.

The school will not publish any personal information, including photos, on its website without the permission of the affected individual. When uploading information to the school website, staff are considerate of any metadata or deletions which could be accessed in documents and images on the site.

Videos and photography

The school understands that recording images of identifiable individuals constitutes as processing personal information, so it is done in line with data protection principles.

The school will always indicate its intentions for taking photographs of pupils and will retrieve permission before publishing them. If the school wishes to use images or video footage of pupils in a publication, such as the school website, prospectus, or recordings of school plays, written permission will be sought for the particular usage from the parent of the pupil. Precautions, as outlined in the Photography Policy, are taken when publishing photographs of pupils, in print, video or on the school website.

Images captured by individuals for recreational or personal purposes, and videos made by parents for family use, are exempt from the UK GDPR.

Parents and others attending school events are able to take photographs of those events as long as they are for domestic purposes only. Photographs being used for any other purpose are prohibited to be taken by parents or visitors to the school.

The school asks that parents and others do not post any images or videos which include any children other than their own on any social media, or otherwise publish those images or videos.

Cloud computing

For the purposes of this policy, 'cloud computing' refers to storing and accessing data and programs, such as documents, photos or videos, over the internet, rather than on a device's hard drive. Cloud computing involves the school accessing a shared pool of ICT services remotely via a private network or the internet.

All staff will be made aware of data protection requirements and how these are impacted by the storing of data in the cloud, including that cloud usage does not prevent data subjects from exercising their data protection rights. If the cloud service offers an authentication process, each user will have their own account. A system will be implemented to allow user accounts to be created, updated, suspended and deleted, and for credentials to be reset if they are forgotten, lost or stolen. Access for employees will be removed when they leave the school.

All files and personal data will be encrypted before they leave a school device and are placed in the cloud, including when the data is 'in transit' between the device and cloud. A robust encryption key management arrangement will be put in place to maintain protection of the encrypted data. The loss of an encryption key will be reported to the DPO immediately; failure to do so could result in accidental access or destruction of personal data and, therefore, a breach of the relevant data protection legislation.

As with files on school devices, only authorised parties will be able to access files on the cloud. An audit process will be put in place to alert the school should unauthorised access, deletion or modification occur, and ensure ongoing compliance with the school's policies for the use of cloud computing.

The school's usage of cloud computing, including the service's security and efficiency, will be assessed and monitored by the DPO. The DPO will also ensure that a contract and data processing agreement are in place with the service provider, confirming compliance with the principles of the UK GDPR and DPA. The agreement will specify the circumstances in which the service provider may access the personal data it processes, such as the provision of support services.

The DPO will also:

- Ensure that the service provider has completed a comprehensive and effective selfcertification checklist covering data protection in the cloud.
- Ensure that the service provider can delete all copies of personal data within a timescale in line with the school's Data Protection Policy.
- Confirm that the service provider will remove all copies of data, including back-ups, if requested.
- Find out what will happen to personal data should the school decide to withdraw from the cloud service in the future.
- Assess the level of risk regarding network connectivity and make an informed decision as to whether the school is prepared to accept that risk.
- Monitor the use of the school's cloud service, with any suspicious or inappropriate behaviour of pupils, staff or parents being reported directly to the headteacher

Data retention

Data will not be kept for longer than is necessary. Unrequired data will be deleted as soon as practicable. Some educational records relating to former pupils or employees of the school may be kept for an extended period for legal reasons, but also to enable the provision of references or academic transcripts. Paper documents will be shredded or pulped, and electronic memories scrubbed clean or destroyed, once the data should no longer be retained.

DBS data

All data provided by the DBS will be handled in line with data protection legislation; this includes electronic communication. Data provided by the DBS will never be duplicated. Any third parties who access DBS information will be made aware of the data protection legislation, as well as their responsibilities as a data handler.

Records Management

Perryfields Primary PRU is committed to maintaining the confidentiality of its information and ensuring that all records within the school are only accessible by the appropriate individuals. In line with the requirements of the GDPR, the school also has a responsibility to ensure that all records are only kept for as long as is necessary to fulfil the purpose(s) for which they were intended.

This section is to outline how records are stored, accessed, monitored, retained and disposed of, in order to meet the school's statutory requirements.

Pupil records are specific documents that are used throughout a pupil's time in the education system – they are passed to each school that a pupil attends and includes all personal information relating to them, e.g. date of birth, home address, as well as their progress and achievement.

The following information is stored on the front of a pupil record, and will be easily accessible:

- Forename, surname, gender and date of birth
- Unique pupil number
- Note of the date when the file was opened
- Note of the date when the file was closed, if appropriate

The following information is stored inside the front cover of a pupil record, and will be easily accessible:

- Ethnic origin, religion and first language (if not English)
- Any preferred names
- · Position in their family, e.g. eldest sibling
- Emergency contact details and the name of the pupil's doctor
- Any allergies or other medical conditions that are important to be aware of
- Names of parents, including their home address(es) and telephone number(s)
- Name of the school, admission number, the date of admission and the date of leaving, where appropriate

Any other agency involvement, e.g. speech and language therapist

The following information is stored in a pupil record, and will be easily accessible:

- Admissions form
- Details of any SEND
- If the pupil has attended an early years setting, the record of transfer
- Fair processing notice only the most recent notice will be included
- Annual written reports to parents
- National curriculum and agreed syllabus record sheets
- Notes relating to major incidents and accidents involving the pupil
- Any information about an education and healthcare (EHC) plan and support offered in relation to the EHC plan
- · Any notes indicating child protection disclosures and reports are held
- Any information relating to exclusions
- Any correspondence with parents or external agencies relating to major issues, e.g. mental health
- Notes indicating that records of complaints made by parents or the pupil are held

The following information is subject to shorter retention periods and, therefore, will be stored separately in a personal file for the pupil in the school office:

- Absence notes
- Parental and, where appropriate, pupil consent forms for educational visits, photographs and videos, etc.
- Correspondence with parents about minor issues, e.g. behaviour

Hard copies of disclosures and reports relating to child protection are stored in a sealed envelope, in a securely locked filing cabinet in the Headteacher's Office.

Hard copies of complaints made by parents or pupils are stored in a file in the Headteacher's office.

Actual copies of accident and incident information are stored separately on the school's management information system and held in line with the retention periods outlined in this policy. An additional copy may be placed in the pupil's file in the event of a major accident or incident.

The school will ensure that no pupil records are altered or amended before transferring them to the next school that the pupil will attend.

The only exception to the above is if any records placed on the pupil's file have a shorter retention period and may need to be removed. In such cases, the Data Controller (Headteacher) responsible for disposing records, will remove these records.

Electronic records relating to a pupil's record will also be transferred to the pupils' next school.

The school will not keep any copies of information stored within a pupil's record, unless there is ongoing legal action at the time during which the pupil leaves the school. The responsibility for these records will then transfer to the next school that the pupil attends.

The school will, wherever possible, avoid sending a pupil record by post. Where a pupil record must be sent by post, it will be sent by registered post, with an accompanying list of the files included. The school it is sent to is required to sign a copy of the list to indicate that they have received the files and return this to the school.

Retention of pupil records and other pupil-related information

The table below outlines the school's retention periods for individual pupil records and the action that will be taken after the retention period, in line with any requirements.

Electronic copies of any information and files will be destroyed in line with the retention periods below.

| Type of file | Retention period | Action taken after retention period ends |
|--|--|--|
| Personal identifiers, con | ntacts and personal char | acteristics |
| Images used for identification purposes | For the duration of the event/activity, or whilst the pupil remains at school, whichever is less, plus one month | Securely disposed of |
| Images used in displays in schools | Whilst the pupil is at school | Securely disposed of |
| Images used for marketing purposes, or other | In line with the consent period | Securely disposed of |
| Biometric data | For the duration of the event/activity, or whilst the pupil remains at school, whichever is less, plus one month | Securely disposed of |
| Postcodes, names and characteristics | Whilst the pupil is at school, plus five years | Securely disposed of |

| House number and road | For the duration of the event/activity, plus one month | Securely disposed of | | |
|--|--|--|--|--|
| | Admissions | | | |
| Register of admissions | Whilst the pupil remains at the school, plus one year | Information is reviewed and the register may be kept permanently | | |
| Admissions appeals | Whilst the pupil remains at school, plus five years | Securely disposed of | | |
| Proof of address (supplied as part of the admissions process) | Whilst the pupil remains at the school, plus one year | Securely disposed of | | |
| Supplementary information submitted, including religious and medical information etc. (where the admission was successful) | Whilst the pupil remains at the school, plus one year | Securely disposed of | | |
| Supplementary information submitted, including religious and medical information etc. (where the admission was not successful) | Whilst the pupil remains at the school, plus five years | Securely disposed of | | |
| Pupils' 6 | educational records | | | |
| Pupils' educational records | Whilst the pupil remains at the school | Transferred to the next destination – if this is an independent school, homeschooling or outside of the UK, the file will be kept by the school/LA and retained for the statutory period | | |
| Public examination results | Added to the pupil's record and transferred to next school Copies with pupils' names are held whilst the pupil is at school, plus five years Copies with pupils' names removed are held for 25 years after the pupil's date of birth | Returned to the examination board | | |
| Internal examination results | Added to the pupil's record and transferred to next school | Securely disposed of | | |

| years after the pupil's |
| date of birth |

| Medical information and administration | | |
|---|--|--|
| Permission slips | For the duration of the period that medication is given, plus one month | Securely disposed of |
| Medical conditions – ongoing management | Added to the pupil's record and transferred to the next school Copies held whilst the pupil is at school, plus one year | Securely disposed of |
| Medical incidents that have a behavioural or safeguarding influence | Added to the pupil's record and transferred to the next school Copies held whilst the pupil is at school, plus 25 years | Securely disposed of |
| | SEND | |
| SEND files, reviews and individual education plans | 25 years after the pupil's date of birth (as stated on the pupil's record) | Information is reviewed and the file may be kept for longer than necessary if it is required for the school to defend themselves in a 'failure to provide sufficient education' case |
| An EHC plan maintained under section 37 of the Children and Families Act 2014 (and any amendments to the statement or plan) | 25 years after the pupil's date of birth (as stated on the pupil's record) | Securely disposed of, unless it is subject to a legal hold |
| Information and advice provided to parents regarding SEND | 25 years after the pupil's date of birth (as stated on the pupil's record) | Securely disposed of, unless it is subject to a legal hold |
| Accessibility strategy | 25 years after the pupil's date of birth (as stated on the pupil's record) | Securely disposed of, unless it is subject to a legal hold |
| Curriculum management | | |
| SATs results | 25 years after the pupil's date of birth (as stated on the pupil's record) | Securely disposed of |

| Examination papers | Until the appeals/validation process has been completed | Securely disposed of |
|--|---|----------------------|
| Published Admission Number (PAN) reports | Current academic year, plus six years | Securely disposed of |
| Valued added and contextual data | Current academic year, plus six years | Securely disposed of |
| Self-evaluation forms | Current academic year, plus six years | Securely disposed of |
| Pupils' work | Returned to pupils at the end of the academic year, or retained for the current academic year, plus one year | Securely disposed of |
| Extra-c | curricular activities | |
| Field file – information taken on school trips | Until the conclusion of the trip, plus one month Where a minor incident occurs, field files are added to the core system as appropriate | Securely disposed of |
| Financial information relating to school trips | Whilst the pupil remains at school, plus one year | Securely disposed of |
| Parental consent forms for school trips where no major incident occurred | Until the conclusion of the trip | Securely disposed of |
| Parental consent forms for school trips where a major incident occurred | 25 years after the pupil's date of birth on the pupil's record (permission slips of all pupils on the trip will also be held to show that the rules had been followed for all pupils) | Securely disposed of |
| Walking bus registers | Three years from the date of the register being taken | Securely disposed of |
| Educational visitors in school – sharing of personal information | Until the conclusion of the visit, plus one month | Securely disposed of |

| Family liaison officers and home-school liaison assistants | | |
|--|--|--|
| Day books | Current academic year, plus two years | Reviewed and destroyed if no longer required |
| Reports for outside agencies | Duration of the pupil's time at school | Securely disposed of |
| Referral forms | Whilst the referral is current | Securely disposed of |
| Contact data sheets | Current academic year | Reviewed and destroyed if no longer active |
| Contact database entries | Current academic year | Reviewed and destroyed if no longer required |
| Group registers | Current academic year, plus two years | Securely disposed of |
| Catering and free school meal management | | |
| Meal administration | Whilst the pupil is at school, plus one year | Securely disposed of |
| Meal eligibility | Whilst the pupil is at school, plus five years | Securely disposed of |

Retention of staff records

The table below outlines the school's retention period for staff records and the action that will be taken after the retention period, in line with any requirements.

Electronic copies of any information and files will also be destroyed in line with the retention periods below.

| Type of file | Retention period | Action taken after retention period ends | |
|---|---|--|--|
| Operational | | | |
| Staff members' personal file | Termination of employment, plus six years | Securely disposed of | |
| Timesheets | Current academic year, plus six years | Securely disposed of | |
| Annual appraisal and assessment records | Current academic year, plus five years | Securely disposed of | |

| Recruitment | | | | |
|---|---|---|--|--|
| Records relating to the appointment of a new headteacher | Date of appointment, plus six years | Securely disposed of | | |
| Records relating to the appointment of new members of staff (unsuccessful candidates) | Date of appointment of successful candidate, plus six months | Securely disposed of | | |
| Records relating to the appointment of new members of staff (successful candidates) | Relevant information added to the member of staff's personal file and other information retained for six months | Securely disposed of | | |
| DBS certificates | Up to six months | Securely disposed of | | |
| Proof of identify as part of the enhanced DBS check | After identity has been proven | Reviewed and a note kept of what was seen and what has been checked – if it is necessary to keep a copy this will be placed on the staff member's personal file, if not, securely disposed of | | |
| Evidence of right to work in the UK | Added to staff personal file or, if kept separately, termination of employment, plus no longer than two years | Securely disposed of | | |
| Disc | Disciplinary and grievance procedures | | | |
| Child protection allegations, including where the allegation is unproven | Added to staff personal file, and until the individual's normal retirement age, or 10 years from the date of the allegation – whichever is longer If allegations are malicious, they are removed from personal files | Reviewed and securely disposed of – shredded | | |
| Oral warnings | Date of warning, plus six months | Securely disposed of – if placed on staff personal file, removed from file | | |
| Written warning – level 1 | Date of warning, plus six months | Securely disposed of – if placed on staff personal file, removed from file | | |
| Written warning – level 2 | Date of warning, plus 12 months | Securely disposed of – if placed on staff personal file, removed from file | | |

| Final warning | Date of warning, plus 18 months | Securely disposed of – if placed on staff personal file, removed from file |
|--|---|--|
| Records relating to unproven incidents | Conclusion of the case, unless the incident is child protection related and is disposed of as above | Securely disposed of |

Retention of senior leadership and management records

The table below outlines the school's retention periods for senior leadership and management records, and the action that will be taken after the retention period, in line with any requirements.

Electronic copies of any information and files will also be destroyed in line with the retention periods below.

| Type of file | Retention period | Action taken after retention period ends | | | |
|--|---|--|--|--|--|
| | Governing/Trust board | | | | |
| Agendas for board meetings | One copy alongside the original set of minutes – all others disposed of without retention | Securely disposed of | | | |
| Original, signed copies of the minutes of governing board meetings | Permanent | Stored securely | | | |
| Inspection copies of the minutes of governing board meetings | Date of meeting, plus three years | Shredded if they contain any sensitive and personal information | | | |
| Reports presented to the governing board | Minimum of six years, unless they refer to individual reports – these are kept permanently | Securely disposed of or, if they refer to individual reports, retained with the signed, original copy of minutes | | | |
| Meeting papers relating to the annual parents' meeting | Date of meeting, plus a minimum of six years | Securely disposed of | | | |
| Instruments of government, including articles of association | Permanent | Stored securely | | | |
| Trusts and endowments managed by the governing board | Permanent | Stored securely | | | |
| Action plans created and administered by the governing board | Duration of the action plan, plus three years | Securely disposed of | | | |

| Policy documents created and administered by the governing board | Duration of the policy, plus three years | Securely disposed of |
|--|--|---|
| Records relating to complaints dealt with by the governing board | Date of the resolution of the complaint, plus a minimum of six years | Reviewed for further retention in case of contentious disputes, then securely disposed of |
| Annual reports created under the requirements of The Education (Governors' Annual Reports) (England) (Amendment) Regulations 2002 | Date of report, plus 10 years | Securely disposed of |
| Proposals concerning changing the status of the school | Date proposal accepted or declined, plus three years | Securely disposed of |
| Headtea | cher and senior leadership te | am (SLT) |
| Log books of activity in the school maintained by the headteacher | Date of last entry, plus a minimum of six years | Stored securely |
| Minutes of SLT meetings and the meetings of other internal administrative bodies | Date of the meeting, plus three years | Reviewed and securely disposed of |
| Reports created by the headteacher or SLT | Date of the report, plus a minimum of three years | Reviewed and securely disposed of |
| Records created by the headteacher, deputy headteacher, heads of year and other members of staff with administrative responsibilities | Current academic year, plus six years | Reviewed and securely disposed of |
| Correspondence created by the headteacher, deputy headteacher, heads of year and other members of staff with administrative responsibilities | Date of correspondence, plus three years | Reviewed and securely disposed of |
| Professional development plan | Duration of the plan, plus six years | Securely disposed of |
| School development plan | Duration of the plan, plus three years | Securely disposed of |

Retention of health and safety records

The table below outlines the school's retention periods for health and safety records, and the action that will be taken after the retention period, in line with any requirements.

Electronic copies of any information and files will also be destroyed in line with the retention periods below.

| Type of file | Retention period | Action taken after retention period ends | |
|--|--|--|--|
| Health and safety | | | |
| Health and safety policy statements | Duration of policy, plus three years | Securely disposed of | |
| Health and safety risk assessments | Duration of risk assessment, plus three years | Securely disposed of | |
| Records relating to accidents and injuries at work | Date of incident, plus 12 years. In the case of serious accidents, a retention period of 15 years is applied | Securely disposed of | |
| Accident reporting – adults | Date of the incident, plus six years | Securely disposed of | |
| Accident reporting – pupils | 25 years after the pupil's date of birth, on the pupil's record | Securely disposed of | |
| Control of substances hazardous to health | Current academic year, plus 40 years | Securely disposed of | |
| Information relating to areas where employees and persons are likely to come into contact with asbestos | Date of last action, plus 40 years | Securely disposed of | |
| Information relating to areas where employees and persons are likely to come into contact with radiation | Date of last action, plus 50 years | Securely disposed of | |
| Fire precautions log books | Current academic year, plus six years | Securely disposed of | |

Retention of financial records

The table below outlines the school's retention periods for financial records and the action that will be taken after the retention period, in line with any requirements.

Electronic copies of any information and files will also be destroyed in line with the retention periods below.

| Type of file | Retention period | Action taken after retention period ends | |
|--|--|---|--|
| Payroll pensions | | | |
| Maternity pay records | Current academic year, plus three years | Securely disposed of | |
| Records held under Retirement Benefits Schemes (Information Powers) Regulations 1995 | Current academic year, plus six years | Securely disposed of | |
| Ris | k management and insuranc | e | |
| Employer's liability insurance certificate | Closure of the school, plus 40 years | Securely disposed of | |
| | Asset management | | |
| Inventories of furniture and equipment | Current academic year, plus six years | Securely disposed of | |
| Burglary, theft and vandalism report forms | Current academic year, plus six years | Securely disposed of | |
| Accounts and s | statements including budget | management | |
| Annual accounts | Current academic year, plus six years | Disposed of against common standards | |
| Loans and grants managed by the school | Date of last payment, plus 12 years | Information is reviewed then securely disposed of | |
| All records relating to the creation and management of budgets | Duration of the budget, plus three years | Securely disposed of | |
| Invoices, receipts, order books, requisitions and delivery notices | Current financial year, plus six years | Securely disposed of | |
| Records relating to the collection and banking of monies | Current financial year, plus six years | Securely disposed of | |
| Records relating to the identification and collection of debt | Current financial year, plus six years | Securely disposed of | |

| Contract management | | |
|---|--|----------------------|
| All records relating to the management of contracts under seal | Last payment on the contract, plus 12 years | Securely disposed of |
| All records relating to the management of contracts under signature | Last payment on the contract, plus six years | Securely disposed of |
| All records relating to the monitoring of contracts | Current academic year, plus two years | Securely disposed of |
| School fund | | |
| Cheque books, paying in books, ledgers, invoices, receipts, bank statements and journey books | Current academic year, plus six years | Securely disposed of |
| School meals | | |
| Free school meals registers | Current academic year, plus six years | Securely disposed of |
| School meals registers | Current academic year, plus three years | Securely disposed of |
| School meals summary sheets | Current academic year, plus three years | Securely disposed of |

Retention of other school records

The table below outlines the school's retention periods for any other records held by the school, and the action that will be taken after the retention period, in line with any requirements.

Electronic copies of any information and files will also be destroyed in line with the retention periods below.

| Type of file | Retention period | Action taken after retention period ends |
|---|---|---|
| Property management | | |
| Title deeds of properties belonging to the school | Permanent | Transferred to new owners if the building is leased or sold |
| Plans of property belonging to the school | For as long as the building belongs to the school | Transferred to new owners if the building is leased or sold |

| Leases of property leased by or to the school | Expiry of lease, plus six years | Securely disposed of |
|--|---|--------------------------------------|
| Records relating to the letting of school premises | Current financial year, plus six years | Securely disposed of |
| | Maintenance | |
| All records relating to the maintenance of the school carried out by contractors | Current academic year, plus six years | Securely disposed of |
| All records relating to the maintenance of the school carried out by school employees | Current academic year, plus six years | Securely disposed of |
| | Operational administration | |
| General file series | Current academic year, plus five years | Reviewed and securely disposed of |
| Records relating to the creation and publication of the school brochure and/or prospectus | Current academic year, plus three years | Disposed of against common standards |
| Records relating to the creation and distribution of circulars to staff, parents or pupils | Current academic year, plus one year | Disposed of against common standards |
| Newsletters and other items with short operational use | Current academic year plus one year | Disposed of against common standards |
| Visitors' books and signing-in sheets | Current academic year, plus six years | Reviewed then securely disposed of |
| Records relating to the creation and management of parent-teacher associations and/or old pupil associations | Current academic year, plus six years | Reviewed then securely disposed of |

Identifying information

Under the GDPR, all individuals have the right to data minimisation and data protection by design and default – as the data controller, the school ensures appropriate measures are in place in order for individuals to exercise this right.

Wherever possible, the school uses pseudonymisation, also known as the 'blurring technique', to reduce risk of identification.

Once an individual has left the school, if identifiers such as names and dates of birth are no longer required, these are removed or less specific personal data is used, e.g. the month of birth rather than specific date – the data is blurred slightly.

Where data is required to be retained over time, e.g. attendance data, the school removes any personal data not required and keeps only the data needed – in this example, the statistics of attendance rather than personal information.

Storing and protecting information

The DPO will undertake a business impact assessment to identify which records are vital to school management and these records will be stored in the most secure manner. The DPO will conduct a back-up of information on a **termly** basis to ensure that all data can still be accessed in the event of a security breach, e.g. a virus, and prevent any loss or theft of data.

Where possible, backed-up information will be stored off the school premises, using a central back-up cloud service operated by the LA. The DPO will ensure that the location of the cloud storage and the security offered is appropriate for the information and records stored on it.

Confidential paper records are kept in a locked filing cabinet, drawer or safe, with restricted access. Any room or area where personal or sensitive data is stored will be locked when unattended. Confidential paper records are not left unattended or in clear view when held in a location with general access.

Digital data is coded, encrypted or password-protected, both on a local hard drive and on a network drive that is regularly backed-up off-site. Where data is saved on removable storage or a portable device, the device is kept in a locked and fireproof filing cabinet, drawer or safe when not in use. Memory sticks are not used to hold personal information unless they are password-protected and fully encrypted.

All electronic devices are password-protected to protect the information on the device in case of theft. Where possible, the school enables electronic devices to allow the remote blocking or deletion of data in case of theft. Staff and governors do not use their personal laptops or computers for school purposes. All members of staff are provided with their own secure login and password, and every computer regularly prompts users to change their password.

Emails containing sensitive or confidential information are password-protected or sent via a secure encrypted or data transfer system to ensure that only the recipient is able to access the information. The password will be shared with the recipient in a separate email. Personal information is never put in the subject line of an email. Circular emails to parents are sent blind carbon copy (bcc), so email addresses are not disclosed to other recipients.

When sending confidential information by fax, members of staff always check that the recipient is correct before sending.

Where personal information that could be considered private or confidential is taken off the premises, to fulfil the purpose of the data in line with the UK GDPR, either in an electronic or paper format, staff take extra care to follow the same procedures for security, e.g. keeping devices under lock and key. The person taking the information from the school premises accepts full responsibility for the security of the data.

If documents that have been taken off the school premises will be left unattended, the staff member will leave the documents in the locked boot of a car or keep them on their person. A record will be kept of any document that is taken off the school premises that logs the location of the document and when it is returned to the school site, this includes records that are digitally remotely accessed.

Before sharing data, staff always ensure that:

- They have consent from data subjects to share it.
- Adequate security is in place to protect it.
- The data recipient has been outlined in a privacy notice.

The school has data sharing agreements with all data processors and third parties with whom data is shared. These agreements are developed by the DPO and cover information about issues such as access controls and permissions.

A record is kept of what level of access each staff member has to data. This record details information including:

- What level of access each staff member has.
- Limits on how staff members access data.
- What actions staff members can perform.
- What level of access is changed or retained when a staff member changes role within the school.
- Who is able to authorise requests to change permissions and access.

All staff members implement a 'clear desk policy' to avoid unauthorised access to physical records containing sensitive or personal information. All confidential information is stored in a securely locked filing cabinet, drawer or safe with restricted access.

Under no circumstances are visitors allowed access to confidential or personal information. Visitors to areas of the school containing sensitive information are supervised at all times.

Staff are required to use their school login details to use photocopiers and printers.

The physical security of the school's buildings and storage systems, and access to them, is reviewed **termly** by the site manager in conjunction with the DPO. If an increased risk in vandalism, burglary or theft is identified, this will be reported to the headteacher and extra measures to secure data storage will be put in place.

All systems that allow staff and pupils to remotely access information from the school's network whilst they are not physically at the school have strong security controls in place which are reviewed **termly** by the DPO.

The DPO decides what restrictions are necessary to prevent information or records being downloaded, transferred or printed while the user is not on the school site.

The school takes its duties under the UK GDPR seriously and any unauthorised disclosures may result in disciplinary action.

The DPO is responsible for ensuring continuity and recovery measures are in place to ensure the security of protected data. Any damage to or theft of data will be managed in accordance with the school's Data and E-Security Breach Prevention and Management Plan.

As a result of the EU exit, completed 1 January 2021, data controllers and processors follow the UK GDPR, and the Data Protection Act 2018, where:

- As UK data controllers, they collect, store or process the personal data of individuals residing in the UK.
- As non-UK data controllers, they offer goods or services to, or monitor the behaviour of, UK residents.

Data controllers and processors follow the EU GDPR where:

- They collect, store or process the personal data of individuals residing in the EU.
- As non-EU data controllers, they offer goods or services to, or monitor the behaviour of, EU residents.

Accessing information

Perryfields Primary PRU is transparent with data subjects, the information we hold and how it can be accessed.

All members of staff, parents of registered pupils and other users of the school, e.g. visitors and third-party clubs, are entitled to:

- Know what information the school holds and processes about them or their child and why.
- Understand how to gain access to it.
- Understand how to provide and withdraw consent to information being held.
- Understand what the school is doing to comply with its obligations under the GDPR.

All members of staff, parents of registered pupils and other users of the school and its facilities have the right, under the GDPR, to access certain personal data being held about them or their child.

Personal information can be shared with pupils once they are considered to be at an appropriate age and responsible for their own affairs; although, this information can still be shared with parents.

The school will adhere to the provisions outlined in this policy when responding to requests seeking access to personal information.

Digital continuity statement

Digital data that is retained for longer than six years will be named as part of a digital continuity statement.

The DPO will identify any digital data that will need to be named as part of a digital continuity statement.

The data will be archived to dedicated files on the school's server, which are password-protected – this will be backed-up in accordance with this policy.

Memory sticks will never be used to store digital data, subject to a digital continuity statement.

The IT technician will review new and existing storage methods annually and, where appropriate add them to the digital continuity statement.

The following information will be included within the digital continuity statement:

- A statement of purpose and requirements for keeping the records
- The names of the individuals responsible for long term data preservation
- A description of the information assets to be covered by the digital preservation statement
- A description of when the record needs to be captured into the approved file formats
- A description of the appropriate supported file formats for long-term preservation
- A description of the retention of all software specification information and licence information
- A description of how access to the information asset register is to be managed in accordance with the GDPR

Information audit

The school conducts information audits on an annual basis against all information held by the school to evaluate the information the school is holding, receiving and using, and to ensure that this is correctly managed in accordance with the GDPR. This includes the following information:

- Paper documents and records
- Electronic documents and records
- Databases
- Sound recordings
- Video and photographic records
- Hybrid files, containing both paper and electronic information

The information audit may be completed in a number of ways, including, but not limited to:

- Interviews with staff members with key responsibilities to identify information and information flows, etc.
- Questionnaires to key staff members to identify information and information flows, etc.
- A mixture of the above

The Data Controller is responsible for completing the information audit. The information audit will include the following:

- The school's data needs
- The information needed to meet those needs
- · The format in which data is stored
- How long data needs to be kept for
- Vital records status and any protective marking
- Who is responsible for maintaining the original document

The DPO will consult with staff members involved in the information audit process to ensure that the information is accurate.

Disposal of data

Where disposal of information is outlined as standard disposal, this will be recycled appropriate to the form of the information, e.g. paper recycling, electronic recycling.

Where disposal of information is outlined as secure disposal, this will be shredded and electronic information will be scrubbed clean and, where possible, cut. The Data Controller will keep a record of all files that have been destroyed.

Where the disposal action is indicated as reviewed before it is disposed, the DPO will review the information against its administrative value – if the information should be kept for administrative value, the DPO will keep a record of this.

If, after the review, it is determined that the data should be disposed of, it will be destroyed in accordance with the disposal action outlined in this policy.

Where information has been kept for administrative purposes, the DPO will review the information again after three years and conduct the same process. If it needs to be destroyed, it will be destroyed in accordance with the disposal action outlined in this policy. If any information is kept, the information will be reviewed every three subsequent years.

Where information must be kept permanently, this information is exempt from the normal review procedures

Data Protection Impact Assessment

Perryfields Primary PRU has a Data protection Impact Assessment which sits alongside this policy and informs us of the main risks and how to manage them effectively.
