Key Facts
<p>An Igloo is a shelter made from blocks of snow and shaped like a dome.</p> <p>Artic comes from the Greek word meaning 'bear'</p> <p>The Northern Lights (aurora Borealis) appear in a clear night sky in the Artic as swirling rivers of greenish-blue light.</p>

Interesting Facts:
<p>How do people travel in the Polar lands? As the land is covered in snow and ice for much of the year, some people use sledges pulled by husky dogs to travel around. However, snowmobiles are being used more nowadays as they can be faster.</p> <p>What animals live in the Poles? There are lots of animals in the polar regions and they have very thick fur so they don't get cold. Many of them have a layer of blubber underneath their fur to keep them warm too. Some of the animals are white in colour so that they are camouflaged against the snow.</p> <p>Did you know... Polar Bears and penguins do not live in the same pole. Polar bears live in the North Pole (Arctic) and penguins live in the South Pole (Antarctic)</p>
