Statement of intent

At Perryfields Primary PRU we use images and videos for a variety of purposes, including prospectuses, display boards, educational purposes, conferences and the school website. We understand that parents may also wish to take videos or photos of their children participating in school events for personal use.

Whilst we recognise the benefits of photography and videos to our school community, we also understand that these can have significant risks for those involved. Under the legal obligations of the UK GDPR and the Data Protection Act (DPA) 2018, the school has specific responsibilities in terms of how photos and videos are taken, stored and retained.

The school has implemented a policy on the safe cameras and recording equipment by staff, pupils and parents to reflect the protective ethos of the school with regard to pupils' safety.

In order to ensure that, as far as possible, the use of photography and video is safe at all times, the policy provided below should be followed. This policy is applicable to all forms of visual media, including film, print, video, DVD and websites.

Legal framework

This policy has due regard to all relevant legislation and guidance including, but not limited to, the following:

- The Data Protection Act 2018
- The UK General Data Protection Regulation (UK GDPR) The Freedom of Information Act 200
- The Freedom of Information and Data Protection (Appropriate Limit and Fees) Regulations 2004
- DfE (2022) 'Keeping children safe in education 2022'

This policy operates in conjunction with the following school policies:

- Data Protection Policy
- Anti-bullying policy
- Online Safety Policy
- Technology Acceptable Use Agreement
- Safeguarding and Child Protection Polciy

Roles and responsibilities

The Headteacher is responsible for:

- Submitting consent forms to parents, and pupils where appropriate, at the beginning of the academic year with regard to photos and videos being taken whilst at school.
- Ensuring that all photos and videos are stored and disposed of correctly, in line with the UK GDPR and the DPA 2018.
- Deciding whether parents are permitted to take photos and videos during school events.
- Communicating this policy to all the relevant staff members and the wider school community, such as parents.

The DSL is responsible for:

- Liaising with social workers to gain consent for the use of photos and videos of pupils who are CLA.
- Liaising with the Data Protection Officer (DPO) to ensure there are no data protection breaches.
- Informing the Headteacher of any known changes to a pupil's security, e.g. child protection concerns, which would mean that participating in photography and video recordings would put them at significant risk.

Parents and pupils are responsible for:

- Completing a photography consent form on entry to the school.
- Informing the school in writing if they wish to make any changes to their consent.

- Acting in accordance with this policy.

Definitions

“**Camera**” is used to refer to mobile phones, tablets, webcams, portable gaming devices, and any other equipment or devices which may be used to take photos.

“**Personal use**” of photography and videos is defined as the use of cameras to take images and recordings of children by relatives, friends or known individuals, e.g. a parent taking a group photo of their child and their friends at a school event. These photos and videos are only for personal use by the individual taking the photo and are not intended to be passed on to unknown sources. The principles of the UK GDPR and the DPA 2018 do not apply to images and videos taken for personal use.

“**Official school use**” is defined as photography and videos which are used for school purposes, e.g. for building passes and identity cards. These images are likely to be stored electronically alongside other personal data. The principles of the UK GDPR and the DPA 2018 apply to images and videos taken for official school use.

“**Media use**” is defined as photography and videos which are intended for a wide audience, e.g. photos of children taken for a local newspaper. The principles of the UK GDPR and the DPA 2018 apply to images and videos taken for media use.

Staff may also take photos and videos of pupils for “**educational purposes**”. These are not intended for official school use, but may be used for a variety of reasons, such as school displays, special events, assessment and workbooks. The principles of the UK GDPR and the DPA 2018 apply to images and videos taken for educational purposes.

Consent

All photos and video content are classified as personal data under the UK GDPR and the DPA 2018; images or video content may be used for publicity or other purposes only once informed consent has been provided, and it has not been withdrawn.

Staff, pupils and parents will be encouraged to read the Data Protection Policy for more information on the school’s approach to data protection.

Parents will be required to provide consent on their child’s behalf, except where the processing is related to preventative or counselling services offered directly to children.

Parents and pupils will be aware that their child/they may be photographed at school and they have the right to withdraw consent for:

- Photos or videos taken by members of staff for school-based publicity and promotional purposes or for anonymous use on the school website.
- Photos or videos taken by parents and other family members of children at the school during sports events and other similar events organised by the school.
- Photos or video taken by members of the press who are on the school premises by invitation in order to celebrate individual, group or school success.

The school will recognise that consent must be a positive indication. It cannot be inferred from silence, inactivity or pre-ticked boxes. Consent will only be accepted where it is freely given, specific, informed and an unambiguous indication of the individual's wishes. Where consent is given, a record will be kept documenting how and when consent was given and last updated.

The school will ensure that consent mechanisms meet the standards of the UK GDPR and the DPA 2018. Where the standard of consent cannot be met, an alternative legal basis for processing the data will be found, or the processing will cease.

Parents and pupils, as applicable, will be asked to complete the photography consent form on entry, which will determine whether or not they allow their child/themselves to participate in photos and videos.

The photography consent form will be valid for the full academic year, unless the pupil's circumstances change in any way, e.g. if their parents separate, or consent is withdrawn. Additional consent forms will be required if the pupil's circumstances change.

If there is a disagreement over consent, or if a parent/pupil does not respond to a consent request, it will be treated as if consent has not been given and photos and videos will not be taken or published of the pupil without consent.

All parents and pupils will be entitled to withdraw or change their consent at any time during the school year. Parents or pupils who wish to withdraw their consent must notify the school in writing.

If any parent or pupil withdraws or changes their consent, or the DSL reports any changes to a pupil's security risk, or there are any other changes to consent, the list will also be updated and re-circulated.

For any pupils who are LAC, PLAC, or adopted, the DSL will liaise with the pupil's social worker, carers or adoptive parents to establish where consent should be sought. Consideration will be given as to whether identification of pupils who are LAC, PLAC, or adopted would risk their security in any way.

Consideration will also be given to any pupils for whom child protection concerns have been raised. Should the DSL believe that taking photos and videos of any pupils would put their security at further risk, greater care will be taken towards protecting their identity.

A list of all the names of pupils for whom consent was not given will be created by the DPO and will be circulated to all staff members. This list will be updated annually, when new consent forms are provided.

General procedures

Photos and videos of pupils will be carefully planned before any activity and the DPO will oversee the planning of any events where photos and videos will be taken.

Where photos and videos will involve pupils who are CLA, PCLA, or adopted, or pupils for whom there are security concerns, the Headteacher will liaise with the DSL to determine the steps involved.

The list of all pupils who have not consented to being photographed or recorded will be checked prior to the activity. Only pupils for whom consent has been given will be able to participate.

The staff members involved, alongside the Headteacher and DPO, will liaise with the DSL if any pupil who is CLA, PCLA, adopted, or for whom there are security concerns.

A school-owned digital camera will be used to take photos and videos of pupils.

Staff will ensure that all pupils are suitably dressed before taking any photos or videos.

Where possible, staff will avoid identifying pupils by name or any other identifiable data. If names are required, only first names will be used.

The school will not use photos or videos of:

- Any pupil who is subject to a court order.
- Children who have left the school, without the consent of their parents or, where appropriate, the children themselves.
- Staff members who have left the school, without their consent.

Photos and videos that may cause any distress or embarrassment will not be used.

Any concern relating to inappropriate or intrusive photography or publication of content will be reported to the DPO.

Additional safeguarding procedures

The school will consider certain circumstances that may put a pupil's security at greater risk and, thus, may mean extra precautions are required to protect their identity.

The DSL will, in known cases of pupils who are CLA, PCLA or adopted, liaise with the pupil's social worker, carers or adoptive parents to assess the needs and risks associated with the pupil.

Any measures required will be determined between the DSL, DPO, social worker, and carer and/or adoptive parent with a view to minimising any impact on the pupil's day-to-day life. The measures implemented will be one of the following:

- Photos and videos can be taken as per usual school procedures
- Photos and videos can be taken within school for educational purposes and official school use, e.g. on registers, but cannot be published online or in external media
- No photos or videos can be taken at any time for any purposes

Any outcomes will be communicated to all staff members via a staff briefing and the list outlining which pupils are not to be involved in any videos or photos, held in the school office, will be updated accordingly.

Use of digital cameras

Staff members may be provided with a camera to record and maintain pictorial evidence of the lessons, behaviour, activities and events related to their pupils. Photos and videos may only be taken for educational purposes and in “school or educational provision settings” as mentioned above.

The use of personal cameras, mobile phone cameras or other recording equipment will be prohibited on school premises and on educational visits at all times.

The school-owned cameras will be located and stored securely in the classrooms. Members of staff will be responsible for making sure that the camera is stored securely after use at the end of the day. Members of staff will not be allowed to take school cameras or memory cards home.

Staff or other adults will not be permitted to take photos of pupils in vulnerable circumstances, such as when they are upset or inappropriately dressed. Members of staff and the school community will be required to report inappropriate use of digital cameras and images to the Headteacher. If it is found that any incidents raise child protection concerns, immediate action will be taken in consultation with the DSL.

Other school-owned devices

Staff will only be permitted to take photos and videos of pupils using the school's digital cameras; however, they may use other school-owned devices, such as tablets, where the DPO has been consulted and consent has been sought from the Headteacher prior to the activity. Staff will not use their personal mobile phones, or any other personal device, to take images and videos of pupils.

Where school-owned devices other than digital cameras are used, images and videos will be provided to the school at the earliest opportunity and then removed from the devices.

Photos and videos taken by staff members on school visits may be used for educational purposes, e.g. on displays or to illustrate the work of the school, where consent has been obtained.
